DISCUSSION

On December 17, 1993, the Department of Social Welfare mailed to all medicaid recipients, including the petitioner, the following notice:

Because the petitioner is not fifty-five, is not married, and does not receive institutional or community-based nursing care, the notice does not pertain to her. Unfortunately, however, the petitioner misunderstood the notice to mean that the Department was going to attach her personal property.

ORDER

Inasmuch as the notice does not pertain to the petitioner, and the Department has taken no action that affects her receipt of benefits, the petitioner's appeal is dismissed. 3 V.S.A. § 3091(a).
